

ECOLOGY REALTOR

THE PRIZE

Section 6a1

A. For clarity, if we look at row 2, this suggests that if less than 100 entrants participate, the contest doesn't proceed, and participants are refunded.

B. Looking at row 3 where between 100 and 199 entrants are participating. The available funds are distributed such that 50% goes to the Ecology Realtor and 50% is allocated to the Prize Pool. The top 20 winners will receive equal payout between \$173 and \$344 each. Same logic applies all the way to row 12 (1,000-1,443 entrants).

C. Row 16 marks a shift in the structure where only 20 winners are selected, and any remaining funds beyond their payouts (\$2,500 each) are considered revenue (Ecology Realtor).

D. Row 20 marks another shift in the structure where only 20 winners are selected. However, first place has an option to live rent free for 2 years or receive \$60k in cash. Winners 2-20th receive \$3,000 payouts and any remaining funds are considered revenue (Ecology Realtor).
